<http://www.americanwaterheater.com/>

American Water Heaters is a leading manufacturer of high-quality water heater products with manufacturing, research and development and corporate offices located in Johnson City, TN. American offers a comprehensive line of residential and commercial water heaters.

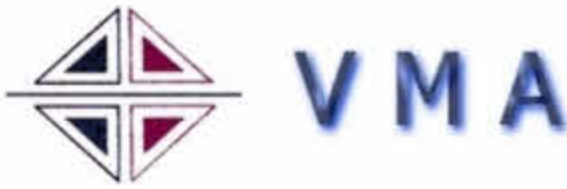

<http://mapaproducts.com/>

MAPA introduced the first plastic based adjustable support for light to medium duty gas piping. This cost effective support started a design trend that revolutionized the industry. Our rooftop products include stainless steel and nylon freestanding, adjustable rooftop pipe and equipment support systems, structural supports for seismic and wind resistant applications, rooftop pedestals for water, gas and electrical services.

<http://www.striemco.com/>

Striem (pronounced "Stream") was formed in early 2015 when Schier Products made the strategic decision to spin-off its Oil Separator, Solids Interceptor, and Chemical Waste Tank products to a separate and wholly owned brand. Striem is proud of our deeply rooted association with Schier, and we look forward to applying the Schier mantra of "doing fewer things better" to elevate our products to new heights.
